

## Unseen (The Elements Trilogy)

Danger surrounds the Seekers. Having already faced overwhelming odds, Kyla and Jethro discover it is only the beginning. Now they must face the power of nature itself. Each day is a test of faith. Two elements remain undiscovered. The light is yet to be resurrected. Dark forces prepare to descend upon the heroes of prophecy and they have one more power they must overcome...their forbidden love for each other. Each moment is a test of loyalty and courage. In Taramon, Athra faces his own demons as he frets over the safety of his fiancée while trying to counter a dark evil that is brought to his doorstep. Treachery lurks in the shadows, forcing the future king into an action that could destroy his beloved city. Through it all, they must cling to the truths hidden in the unseen.
