

Vengeance of Segennya (Birthright Secrets Book 1)

Segennya is no stranger to wars of power and bloodshed. Liz, hired blade living in Ravenwoods Lower Quarter, has lived through too many to not expect the next one to lie just ahead. For a while it seems the cycle has been broken and peace has been secured allowing Liz to make a living serving her Lower Quarter Lord, finding happiness at last. But peace isn't meant to last in Segennya... One night Liz's entire world crashes down, her code of honor shatters and she is sent fleeing from a burning city. Questions need answers, but first Liz must reunite her family that survived and decide what lies ahead. As things become clearer Liz's mission is decided those responsible must pay. Setting out to parts unknown, Liz finds herself the rallying point to something much larger. Threads are being cast all over Segennya, entwining strangers as allies for the first time in years. The success of their mission hinges on Liz's answer to one question. A question that has a right answer, but it is one that Liz must choose between the need for better odds and personal comfort to give.
