

## Treasure of Ice and Fire (Veridical Dreams Book 2)

Join the search for a hammer of unimaginable power ... From the Valley of Gahm in the land of Brassik, a rogue priest named Nindocai hears the transcendent ringing of a mythical malleta call for action from the Goddess Arya. Leading a rag-tag band over frigid, snow-packed terrain, Nindocai goes in search of the hammer of the gods that can free his people, or in the wrong hands could spell annihilation for mankind. But they may not complete their quest with the tyrannical Wyvar regulators, that rule the land with an iron fist, out to destroy Nindocai and his followers at any cost. Who will be first to reach the hammer and unharness its awe-inspiring power? Will Nindocais crew survive an encounter with the frozen fire beast of lore? And what emanates from deep within the ruins of a secret underground chamber ... does great wealth await, or is death beyond the caverns mouth? Best-selling author Wayne D. Dundee (Manhunters Mountain, The Empty Badge), known as one of the modern architects of hardboiled fiction, directs his prose skills toward crafting a fantasy tale that rivals the classics of the genre.
