

## Zombies for Breakfast

Payson is a pharmacist with a penchant for the underdog. Sean is the underdog who tries to rob her of prescription sleeping meds but winds up warding off another thief instead. Before Payson can decide whether to thank Sean for the unexpected heroics or turn him in for attempted robbery, she learns a disturbing truth: chivalry may not be dead, but Sean is. Sean has more than a little trouble adjusting to the lifestyle of a zombie. Payson never suspects by helping him, she'll become an accidental celebrity to an entire neurotic zombie community. But the community's underground drug supplier doesn't like Payson's cures cutting in on his business. She's soon faced with a fate worse than death, and Sean risks losing the only girl who makes him feel alive again.
