

Veras Song (Creatures of the Lands Book 2)

The sequel to the bestselling young adult fantasy novel *Kiatanas Journey...* Five years have passed since the battle for the Verinian Forest. Kia, Keota, the wolves and Ionan have been living peacefully since, though things aren't as happy as they appear. Ionan longs for the shores of Nestings Haven, the isle of Changers that he left long ago, and the eyes of his first love, Vera. Things are turned upside down when Vera arrives, claiming to have left her abusive Accompany. Almost immediately after Kias young son Kennu and his Changer Allie go missing. Allie and Kennu have been kidnapped by an evil mastermind hellbent on taking total control of the Lands and all that surrounds them. But there's a twist this time, as the foe is one they not only know well, but fear, because his powers are beyond all imagining and his cunning is enough to outwit them all. Our heroes are left with no choice...in order to bring back the children they love, one of them must be sacrificed. Kiatana and her friends will discover that their previous battles are nothing compared to the upcoming war, and what they've lost so far is in no way equal to the danger brewing on the horizon... Packed with thrilling adventure and devastating loss, *Veras Song* is a book that will leave readers anxiously awaiting the next installment in Natalie Erin's *Creatures of the Lands* series.
