

Where The Bee Stings

Beware! Beware! The Bight of Benin!

Theres few come out though plenty go in! When Randolph Stoup III keels over in front of Carlton Rollover on the terrace of Malachite Citys Hotel Splendide, could this be the moment when their fortunes pull out of their nosedives? Possibly...but probably not. Stoups contractual arrangements with Chief Isaiah Wiski for supplying mechanical voting machines for Equatorias upcoming election are anything but transparent... and Carltons personal arrangements for his tryst with French letter sales missionary Yvonne are similarly opaque. So when US Special Agent Strange and Azeri-exile Armwrestl move in on Malachite City to pursue their own agendas for re-arranging President Obeses deckchairs, its obvious even to Ambassador Ankle that its only in Equatoria that everything is possible... Because only in Equatoria does a prick make the difference between life and death. Only in Equatoria... Where The Bee Stings
