

Window Dressings: Beautiful Draperies & Curtains for the Home

Windows are an integral part of the design and structure of a room. In his newest book, *Window Dressings: Beautiful Draperies and Curtains for your Home*, author Brian Coleman explores stunning window decor from Palm Beach to Seattle to New York, created by some of the countrys most respected designers. Showcasing a wide variety of styles and decorating philosophies, *Window Dressings* reveals how to successfully create the right look for any window in the house. Featuring the work of renowned designers in locations including Boston, New York, Philadelphia, Chicago, San Francisco, Seattle, and Florida, *Window Dressings* makes it easy to find the right look and style. The importance of good curtain and drapery construction is discussed, with illustrations documenting the patterns and designs. Beautiful hand-painted watercolors accompany the photographs, making it easy to distinguish the specific details of each design. A comprehensive glossary helps explain terms that can be confusing, from gimp to galloons! And an extensive resource guide lists designers and window workrooms around the country. *Window Dressings* is a must for anyone with windows, as both a source of inspiration and practical advice, no matter what style or period the home.
