

Dark Moon Rising (Stella Brock Book 1)

Stella Brock hunts the things that go bump in the night. It isn't a glamorous job, but it keeps the lights on...usually. Now, the hunter has become the hunted and the source of all childhood terror is hot on her trail. She'll need the help of a sexy elf and an arrogant jaguar shifter to avoid being caught by one of the most notorious monsters of all. If only she could control the darkness beginning to rise within herself.
