

Yield the Night (Steel & Stone Book 3)

2015 Goodreads Choice Awards - Nominee in Best Fantasy After surviving a round-trip to hell, Piper figures she can survive anything. After all, she just lived through the devastating loss of her Consul apprenticeship and a torturous stint at boarding school. How much worse could it get? Well, she wasn't expecting a group of crazy radicals to burn her home to the ground and take her prisoner. The Gaians, a.k.a. the crazy radicals, plan to rid Earth of daemons and they want Piper to help them. In exchange for her cooperation, they promise her the answer to all her problems: magic. With her own magic, she could reclaim her apprenticeship, the only future she's ever wanted. But her magic comes at a price it could kill her. With the life she's always known crumbling around her and her future slipping from her grasp, she needs Ash's help one more time. But the greatest danger of all lies within her, and no matter what she does, she may lose everything including him.
