

## Zen and the Art of Faking It

Meet San Lee, a (sort of) innocent teenager, who moves against his will to a new town. Things get interesting when he (sort of) invents a new past for himself, which makes him incredibly popular. In fact, his whole school starts to (sort of) worship him, just because he (sort of) accidentally gave the impression that hes a reincarnated mystic. When things start to unravel, San needs to find some real wisdom in a hurry. Can he patch things up with his family, save himself from bodily harm, stop being an outcast, and maybe even get the girl?
