

ZOMBIE WARZ: Part 1: REAPER

Deep beneath Chicago exists another world, populated with monsters and assorted creatures who slipped into this world through a portal from the Beyond. In charge of keeping the Chicago Underworld safe is 17-year-old Monster Seeker, Hannibal, the only Seeker crazy enough to want the job. But zombies have broken loose in the Underground and Hannibal and his army of Seekers and converted monsters must do everything they can to contain the outbreak before zombies make it to the city of Chicago above. But a chance encounter with the Grim Reaper himself complicates Hannibal's life, leading him on a quest to obtain secret information that could make a little something like a Zombie War seem like a minor skirmish compared to an invasion of our universe by the Thanansancient gods from the Beyond who want to destroy all time and space and everyone in it!
